Endless look – even closer to nature

Regular repetitions of markings, such as knots, could indicate that the worktop is a reproduction. To bring our worktops even closer to the real thing a selection of our decors have markings that repeat a maximum of once across the entire length of the board.

► Worktops with endless look are marked accordingly (** endless look)

XL repeat

To further highlight the natural finish of wood and material reproductions, some of our decors with XL repeat have been redeveloped. Now, details are repeated only twice on a board size 2800 × 2070 mm. This means the appearance of our decors is even more authentic, with natural features such as cracks or large knots.
